

Project Presentation

In the past,

- Each team provided a 7-minute presentation to the rest of the class in the lecture hall
- With our remote learning mode, we cannot all come together in the lecture hall
- So, we must accomplish the same objectives remotely

How?

- A video presentation !!

Project Presentation

Objectives for your presentation:

- Introduce your team to the class
- Introduce your project to the class

Project Presentation

Requirements for your presentation:

- All team members should participate and be included in the video
- Team member introductions
- Sponsoring organization introduction, description, mission
- Project overview (basic Charter information)
- Worth 5% of your grade for the course
- A link to your video will be posted to the course's Canvas page for the rest of the class to view
- Due on November 22 (you have 4 weeks) so I can post them in time for the week of Fall Break

Project Presentation

Suggestions for your presentation:

- Powerpoint, Keynote, etc. slideshow
- Team name, logo (if applicable)
- Try to keep it around 7-8 minutes in length. 10 minutes maximum.

Project Presentation

Suggestions for your presentation:

- Project overview (basic Charter information)
 - Business Problem to be solved
 - High-level scope
 - Overall Approach, tools, methodology decisions
 - Meeting plan and communication plan
 - Significant risks/challenges identified, mitigation plan
 - Current Status
- Include any relevant details about the technology you are using:
 - Stack, programming languages, web site, APIs, web services
